

## MEN AND MONEY.

## Needed in the "Lofty Tumbling" Department of Government.

NEW YORK, Sept. 5.—Brigadier General Allen, chief of the United States Army signal corps, who leaves today on the St. Paul for a tour of inspection among aeronauts and aviators of Europe, says that the government is seriously handicapped by want of men and lack of funds in the development of aeronautical facilities for the army and navy. Because of the great need of experienced aeronauts, he announced that neither Lieutenant Frank P. Lahm or Captain Charles DeForrest Chanler will be allowed to take part in the international balloon races at Berlin, October 11, as had been expected.

## WORLD OF SPECULATION.

NEW YORK, Sept. 5.—The tone of the speculation marked suffered this week from distrust caused by the violent break in American Smelting, due to disappointment over the non appearance of Standard Oil interests on the directorate. A decline in the price of copper and silver added to the weakness of the metal and mining group of industrials. The government report on cotton, the rise in the grain markets, the poor showing of reports of railway earnings and the slow, although sure recovery in the iron and steel trades, have conducted to a more conservative speculative attitude. The great abuse of money facilities guards the market against precipitate liquidation and stimulates a substantial investment demand, especially for mortgage issues. Banks and financial institutions are reported to be large buyers of the latter.

## THREE DIE FROM RABIES.

NEW YORK, Sept. 5.—In the "Dog Days" of July and August this year there were three deaths from rabies in this city. That is looked on as an unusual number. These cases were well defined rabies. In each instance the brain of the victim was examined by bacteriologists, and the negro body, surest indications of hydrophobia, was found in large numbers.

In the last month the number of cases of dog bite treated at the pasteur institute fell off a great deal. Before the board of health instituted its death penalty enforcement of the law demanding a muzzle or leash on all dogs in the streets, the institute had as high as 38 cases under treatment. There are now only 15 cases in the institute and these will soon be discharged.

## MORE RUSSIAN OUTRAGE.

Edict Compelling Thinkers of the Empire to Withdraw from Parties.

ST. PETERSBURG, Sept. 5.—The edict issued Thursday by the Minister of Education to the effect that all professors and instructors in the imperial universities and schools in Russia, who are members of constitutional Democracy or other illegal political parties, must either withdraw from these parties or resign their positions threatened to cripple entirely the faculty of the University of St. Petersburg. The rector and vice-rector of the University, the deans of four departments, and a number of the leading professors were up as Constitutional Democrat candidates for electors in the last parliamentary election. The University of Moscow, which is the largest in the empire, is in a similar plight. A number of the professors there have represented the Constitutional Democratic party in parliament.

## DISTINGUISHED ARRIVALS.

Notable Party Arrives From the Orient Via the Empress Line.

VICTORIA, B. C., Sept. 5.—The steamer Empress of India, which reached port today missed the recent typhoon which proved so disastrous to Hongkong. There were 47 saloon,

49 intermediate and 440 steerage passengers including 425 Chinese.

Among the passengers were Dr. Koch, the celebrated Hanoverian bacteriologist, and discoverer of the Phlysis bacilli, who has been feted on all sides in Japan, and Mrs. Koch, Lady McDonald, wife of Sir Claud McDonald, British minister to Japan, who was one of the ladies in the Pekin legation at the time of the siege by Boxers. Lady Tatum A. Sykes; Hon. K. Hara, recently vice-minister of foreign affairs in the Saionji cabinet, who is bound to the United States and continental cities on a holiday tour; E. W. Fraser of the big Oriental Commercial house of Sale & Fraser, and Eng Hok Fong, head of the Chinese Merchants Steamship Company which for some time past has been operating chartered steamers between Hongkong and Salina Cruz. The cargo included 1200 bales of silk, valued at \$760,000.

## A DEAD CIVILIZATION.

Cliff Lands of Utah Once Home of An Intelligent Race.

SALT LAKE CITY, Sept. 5.—That the great Mesah cliffs and canyons that now form a large part of the desolate region included in San Juan County in the southeastern part of Utah, was once the home of an extensive population that had reached some degree of civilization is the opinion of Professor Byron Cummings of the University of Utah, who has just returned from three months exploring trip of that region. It has already been established that this desert stretch was once inhabited but through the efforts of Professor Cummings and his co-workers, it is shown that not only were these desolate cliffs and desert stretches once the center of a considerable population, but that the people had arrived at a considerable degree of cleverness in building and the making of pottery and weapons.

## SNOW SHEDS IN DANGER.

SAN FRANCISCO, Sept. 5.—According to a dispatch received here from Summit, on the line of the Southern Pacific in the Sierra Nevada mountains the snowsheds are threatened by a forest fire. The fire is said to have burned over four miles in the last two days and to be headed for the sheds which it should reach in 48 hours unless something prevents its advance.

## AFTER THE GET-A-WAYS.

Joliet Escapes Have a Terrific Gauntlet to Run.

CHICAGO, Sept. 5.—Efforts to catch Clarence Wise and James Kaiser, the two convicts who escaped Thursday from the Joliet penitentiary had been unsuccessful upto a late hour last night. The prison officials have tracked them by their hobnail shoes to the cornfields on the farm of Charles Doctor, four miles south of Orland, in Cook County. A large force of men have been stationed to watch the roads and railroads to prevent the fugitive getting through the lines and into Chicago. The search of the fields was kept up throughout the night and it is expected to find the men today.
